Greyhound Lines, Inc. Title VI Program

Plan Statement

Greyhound Lines, Inc. Greyhound operates intercity bus services throughout the continental United States. As a condition of receiving Federal Transit Administration (FTA) financial assistance from the U.S. Department of Transportation (DOT) to operate these services, Greyhound must ensure that its programs, policies and activities comply with DOT’s Title VI regulations. The following program was developed to guide Greyhound in its administration and management of Title VI-related activities and details how Greyhound meets the requirements as set forth in FTA Circular 4702.1B.

Section 601 of Title VI of the Civil Rights Act of 1964 states the following: No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

Policy

Greyhound is committed to ensuring that no person on the basis of race, color, or national origin will be excluded from participation or subjected to discrimination in the level and quality of services or related benefits provided by Greyhound, its employees, affiliates, and contractors.

Governing Board

Greyhound is governed by a Board of Directors of which its Chief Executive Officer is a member.

General Reporting Requirements

Chapter III of FTA Circular 4702.1B addresses the general reporting requirements for recipients and subrecipients of Federal Transit Administration (FTA) funding to ensure that their activities comply with DOT Title VI regulations. Below are summaries of each requirement and how Greyhound’s Title VI Program fulfills that requirement.

1. REQUIREMENT TO PROVIDE TITLE VI ASSURANCES.
In accordance with 49 CFR Section 21.7(a), every application for financial assistance from FTA must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT’s Title VI regulations. This requirement shall be fulfilled when the applicant/recipient submits its annual certifications and assurances to FTA.
Greyhound Lines, Inc. annually submits its Certifications and Assurances to FTA.

2. **REQUIREMENT TO PREPARE AND SUBMIT A TITLE VI PROGRAM.**
FTA requires that all direct and primary recipients document their compliance with DOT’s Title VI regulations by submitting a Title VI Program to their FTA regional civil rights officer once every three years or as otherwise directed by FTA. For all recipients (including sub-recipients), the Title VI Program must be approved by the recipient’s board of directors or appropriate governing entity or official(s) responsible for policy decisions prior to submission to FTA. Sub-recipients shall submit Title VI Programs to the primary recipient from whom they receive funding in order to assist the primary recipient in its compliance efforts.

Greyhound’s Board of Directors approved this Title VI Program by resolution (Appendix 1).

3. **REQUIREMENT TO NOTIFY BENEFICIARIES OF PROTECTION UNDER TITLE VI**
The Title VI Program shall include recipients Title VI notice of the public ha indica es the recipient complies with Title VI and informs members of the public of the protections against discrimination afforded to them by Title VI. It shall also include a list of locations where the notice is posted.

Greyhound has developed a public Title VI Notice to Beneficiaries following the guidelines of Circular FTA C 4702.1B, Appendix B. A copy of this notice is found in Appendix 2 of this Title VI Program. The notice is displayed in public areas at Greyhound’s physical locations, including the reception desk at its corporate headquarters, and will also be posted at www.greyhound.com. This notice will be translated into languages other than English as needed.

4. **REQUIREMENT TO HAVE TITLE VI COMPLAINT PROCEDURES AND A COMPLAINT FORM**
All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them and make their procedures for filing a complaint available to members of the public. Recipients must also develop a Title VI complaint form, and the form and procedure for filing a complaint shall be available on the recipients website.

Greyhound has developed a Title VI complaint procedure and form. In this Title VI Program, Appendix 3 outlines Greyhound’s Title VI Complaint Procedures, and Appendix 4 is a copy of Greyhound’s Title VI Complaint form.

The complaint procedures and form will be available in English and Spanish on Greyhound’s website, www.greyhound.com. Individuals who do not have access to the internet may request that Greyhound mail them a paper copy of the procedures and form available at the following: (https://www.greyhound.com/en/help-and-info/travel-info/your-rights-rules-on-board).

5. **REQUIREMENT TO RECORD AND REPORT TRANSIT-RELATED TITLE VI INVESTIGATIONS, COMPLAINTS, AND LAWSUITS**
In order to comply with the reporting requirements of 49 CFR Section 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the
basis of race, color, or national origin: active investigations conducted by entities other than FTA; lawsuits; and complaints naming the recipient. This list shall include the date that the investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to the investigation, lawsuit, or complaint.

Greyhound will maintain a list of all investigations, lawsuits and complaints naming Greyhound according to the guidelines of Circular FTA C 4702.1B, Appendix E. A copy of this list is provided in Appendix 5 of this Title VI Program. In addition, Greyhound will maintain records of all related documents as required by law. Reporting processes are in place in the instance that complaints are made. Copies of complaints received by Greyhound will be provided to the relevant local or state jurisdiction within 10 days of receipt.

6. REQUIREMENT TO PROMOTE INCLUSIVE PUBLIC PARTICIPATION

The content and considerations of Title VI, the Executive Order on LEP, and the DOT LEP Guidance shall be integrated into each recipient's established public participation plan or process (i.e., the document that explicitly describes the proactive strategies, procedures, and desired outcomes that underpin the recipient's public participation activities).

Greyhound’s public participation policy is shown in Appendix 6 of this Title VI Program. Greyhound ensures that minority and LEP populations, as with all members of the public, will be empowered to participate in decisions involved with Greyhound’s intercity bus services.

7. REQUIREMENT TO PROVIDE MEANINGFUL ACCESS TO LEP PERSONS.

Consistent with Title VI of the Civil Rights Act of 1964, DOT’s implementing regulations and Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency” (65 FR 50121, Aug. 11, 2000), recipients shall take reasonable steps to ensure meaningful access to benefits, services, information, and other important portions of their programs and activities for individuals who are limited-English proficient (LEP).

Please see Greyhound’s Language Assistance Plan attached to this Title VI Program (Appendix 16). Greyhound’s Four Factor Analysis and action plan are contained therein.

8. MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES.

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, “deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.” Recipients that have transit-related, non-elected planning boards, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees.

Greyhound shall ensure proper minority representation on such boards or councils. Appendix 7 shows Greyhound’s draft Table Depicting Minority Representation on Committees and
9. REQUIREMENT TO PROVIDE ASSISTANCE TO SUBRECIPIENTS

Title 49 CFR Section 21.9(b) states that if “a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under his par Primary recipients should assist their subrecipients in complying with DOT’s Title VI regulations, including the general reporting requirements. Assistance shall be provided to the subrecipient as necessary and appropriate by the primary recipient.

In the event that Greyhound utilizes a subrecipient, it shall assist with general reporting requirements and provide:

a. Sample notices to the public informing beneficiaries of their rights under DOT’s Title VI regulations, procedures on how to file a Title VI complaint, and Greyhound’s Title VI Complaint form.

b. Sample procedures for tracking and investigating Title VI complaints filed with a subrecipient and when Greyhound expects the subrecipient to notify Greyhound of complaints received.

c. Demographic information on the race and English proficiency of residents served by the subrecipient. This information will assist the subrecipient in assessing the level and quality of service it provides to communities within its service area and in assessing the need for language assistance.

d. Other data such as travel patterns and surveys obtained by Greyhound that will assist the subrecipient in complying with Title VI.

10. REQUIREMENT TO MONITOR SUBRECIPIENTS

In accordance with 49 CFR 21.9(b), and to ensure that subrecipients are complying with the DOT Title VI regulations, primary recipients must monitor their subrecipients for compliance with the regulations. Importantly, if a subrecipient is not in compliance with Title VI requirements, then the primary recipient is also not in compliance.

In order to ensure that any subrecipient is in compliance with Title VI requirements, Greyhound will do the following:

1. Document Greyhound’s process for ensuring that the subrecipient is complying with the general reporting requirements of FTA Circular 4702.1B. In the event of a subrecipient’s noncompliance, Greyhound may impose sanctions such as the withholding of payments and/or the cancellation, termination, or suspension of a project agreement.

2. Collect electronic file of the subrecipient’s Title VI Program and review programs for compliance. Following submission of the initial Title VI Program, subrecipients are required
to resubmit very three years based on a schedule provided by Greyhound. If Greyhound identifies that modifications are needed, subrecipients must provide updated versions of their Title VI Programs within 30 days of being notified of necessary modifications.

3. At the request of FTA, in response to a complaint of discrimination, or as otherwise deemed necessary by Greyhound, it shall request that the subrecipient verify that their level and quality of service is provided on an equitable basis.

11. DETERMINATION OF SITE OR LOCATION OF FACILITIES.
Title 49 CFR Section 21.9(b)(3) states, “In determining the site or location of facilities, a recipient or applicant may not make selections with the purpose or effect of excluding persons from, denying them the benefits of, or subjecting them to discrimination under any program to which this regulation applies, on the grounds of race, color, or national origin; or with the purpose or effect of defeating or substantially impairing the accomplishment of the objectives of the Act or his part.” Title 49 CFR part 21, Appendix C, Section (3)(iv) provides, “The location of projects requiring land acquisition and the displacement of persons from their residences and businesses may not be determined on the basis of race, color, or national origin.” For the purposes of this requirement “facilities” does not include bus shelters as these are transit amenities and are covered in Chapter IV, nor does it include transit stations, power substations, etc. as those are evaluated during project development and the NEPA process. Facilities included in this provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc.

Greyhound will ensure that both environmental analysis and Title VI environmental justice requirements are incorporated into the scope of work for all facilities projects.

a. Greyhound will complete a Title VI equity analysis during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. Greyhound will engage in outreach to persons potentially impacted by the siting of facilities. The Title VI equity analysis will compare the equity impacts of various siting alternatives, and the analysis will occur before selection of the preferred site.

b. When evaluating locations of facilities, Greyhound will give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result. Analysis will be done at the Census tract or block group where appropriate to ensure that proper perspective is given to localized impacts.

c. If Greyhound determines that the location of the project will result in a disparate impact on the basis of race, color, or national origin, Greyhound will only locate the project in that location if there is a substantial legitimate justification for locating the project there, and where there are no alternative locations that would have a less disparate impact on the basis of race, color, or national origin. Greyhound will show how both tests are met and will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin, and then implement the least discriminatory alternative.
12. **REQUIREMENT TO PROVIDE ADDITIONAL INFORMATION UPON REQUEST.**

FTA may request, at its discretion, information other than that required by this Circular from a recipient in order for FTA to investigate complaints of discrimination or to resolve concerns about possible noncompliance with DOT’s Title VI regulations.

Greyhound will fully cooperate with any FTA investigation of discrimination complaints to the extent required by Title VI regulations.

**REQUIREMENTS FOR FIXED ROUTE TRANSIT PROVIDERS:**

Chapter IV of FTA Circular 4702.1B discusses the additional reporting requirements for recipients of FTA funding (including their subrecipients) that operate fixed route transit service, in order to ensure that the agency complies with DOT Title VI regulations. The requirements only apply to fixed route service, not demand response service. Per Circular 4702.1B definitions, **Fixed route** refers to public transportation service provided in vehicles operated along pre-determined routes according to a fixed schedule.

Please refer to the Greyhound’s System-Wide Service Standards ([Appendix 8](#)) and System-Wide Service Policies ([Appendix 9](#)).

Appendix 6: Public Participation Plan

Policy
Greyhound shall use outreach methods suited for a particular community to engage minority and limited English proficiency populations. The methods may be different for each community.

Promoting Inclusive Public Participation

Efforts to involve minority and LEP populations in public participation activities include public notices as well as targeted measures to address linguistic, institutional, cultural, economic, historical, or other barriers that may prevent minority and LEP persons from effectively participating in a recipient’s decision-making process.

Efforts vary depending on the community and may include meetings convenient and accessible for minority and LEP communities and coordinating with community organizations to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP communities.

Greyhound community engagement efforts include some of the following:

- Serve and participate on focus groups for specific public projects
- Attend and serve as a stakeholder on public facility and transportation board and council meetings
- Collaborate with local community programs providing transportation for disadvantaged and transportation dependent groups

Participate in public events providing outreach and informational materials for communities

*To be completed when applicable.*
Appendix 8: System-Wide Service Standards

The Federal Transit Administration (FTA) requires that all fixed route public transit providers develop quantitative standards for the following indicators that are applicable specifically to the transit provider’s system. They apply agency-wide rather than industry-wide.

1. Vehicle load for each mode

_Vehicle load can be expressed as a ratio of passengers to the number of seats on a vehicle, relative to the vehicle’s maximum load point._

Greyhound will strive to have vehicle loads not exceed vehicles' achievable capacities which are generally 50-55 seats per standard 45-foot coach. Greyhound does not allow passengers to stand for safety reasons.

2. Vehicle headway for each mode

_Vehicle headway is the amount of time between two vehicles traveling in the same direction on a given line or combination of lines. Vehicle headways are measured in minutes; service frequency is measured in vehicles per hour. Headways and frequency of service are general indications of service provided along a route._

Greyhound’s fixed route vehicle headways vary according to number of passengers who purchase tickets for a particular schedule, which dictates the number of coaches required to service the passengers. This applies to both peak and off-peak service.

3. On-time performance for each mode

_On-time performance is a measure of runs completed as scheduled._

Below are Greyhound’s performance standards for all fixed routes:

_On-Time Departures:_

Greyhound buses shall depart no more than 5 minutes late from any scheduled and published departure time. Greyhound shall strive to meet a minimum of 95% of bus departures within zero to 5 minutes after published or scheduled times.

_Operating Ahead of Schedule:_

No bus shall depart a designated time point prior to its scheduled departure time.

_Missed Trips:_

Greyhound shall complete 100% of all scheduled trips to the extent reasonably possible.
Failure to Pick up Passenger:
Contractor shall not fail to pick up any properly ticketed passenger waiting at the designated location.

4. Service availability for each mode

Service availability is a general measure of the distribution of routes within a transit provider’s service area.

Greyhound services 3,800 destinations throughout the continental U.S. Greyhound also has interline relationships with numerous other intercity bus carriers which service smaller communities where Greyhound does not go. Finally, Greyhound services rural communities with its Greyhound Connect product and interlines with rural feeder carriers who also serve communities where Greyhound does not operate. Greyhound provides valuable in-kind match to many of these rural feeders who receive funding under 49 U.S.C. 5311(f).
Appendix 9: System-Wide Service Policies

The Federal Transit Administration (FTA) requires that all fixed route public transit providers develop *qualitative* standards for the following indicators that are applicable specifically to the transit provider system. They apply agency-wide rather than industry wide.

**Transit Amenities Policy**

*Transit amenities refer to items of comfort, convenience, and safety that are available to the general riding public. Fixed route transit providers must set a policy to ensure equitable distribution of transit amenities across the system. This requirement applies after a transit provider has decided to fund an amenity. Transit amenities may include: seating (benches, seats at stops/stations); bus shelters; printed information (signs, system maps, schedules; digital equipment i.e.: NextBus software; Waste receptacles including trash and recycling).*

Greyhound determines equitable locations of all transit amenities throughout the Greyhound system. Locations of terminal improvements are distributed equitably throughout all routes. Terminals will be given priority at locations that receive higher numbers of boarding and alighting or may need ADA-improvements, but these will be made on a variety of routes throughout Greyhound during each improvement cycle.

**Vehicle Assignment Policy**

*Vehicle assignment refers to the process by which transit vehicles are placed into service in depots and on routes throughout the transit provider’s system.*

Transit vehicles will be assigned to routes based on ridership, type of route, and operating characteristics of buses, including bus length and turning radius.

Greyhound will maintain its fleet and replace vehicles as required by FTA’s minimum service life policy. Greyhound operates a centralized dispatching system to ensure the company’s resources are utilized efficiently. Buses are assigned to pools which generally serve geographic regions. Each pool consists of several hundred buses of varying ages and conditions and licensing required for cross border travel. Any bus in the pool may be assigned to any schedule in that region. In certain circumstances, individual equipment may be assigned to schedules based on the characteristics of the schedule. Assignments to schedules may be based on the vehicle mileage vs. the mileage of the route and as well as access to maintenance facilities. Buses are not assigned based on the demographics of the populations served.

All buses are equipped with wheelchair lifts. In addition, all buses have air conditioning.
